The next section lets you select the type of membership you are requesting. If you are a full time student, select that box. If you are 62 or over you qualify for senior rate. Click whether you are a new member or renewing your application. The next box should be checked if you had been in a previous camera club and entered their competitions or if by your experience in photography, you might qualify for a higher skill level placement. Check this box also if you are unsure and wish to have your work evaluated. This leads into the second part, Experience. Enter how long you have been interested in photography. Here you want to indicate the number of years you have been "serious" about your work, not just how long you have owned a camera. You will be able to participate in the 3 categories of image competitions supported by the Club. Check the boxes for the categories of interest.

Let us know how you found out about the Huntington Camera Club. We are always looking for better ways to contact the public and your information could help. The Camera Club does not run by itself. It takes the work of many dedicated members to keep it going. We are always looking for people to help in a variety of capacities. For new members, volunteering is a good way to meet the other people in the club. For returning members it is a means of paying back the club for the help it has provided in the past and

improving it in the future.

Finally, hit the “Submit” button to complete the on line portion of the application. The remaining item is to write a check and mail it to our Treasurer at: Huntington Camera Club, P.O. Box 172, East Northport, NY 11731. Alternatively, you can give the dues to our Treasurer at a Club meeting.
